to passing is having great teaching tools and this book is one of them he touches on every aspect of how to memorize data how questions are formed what to expect on tricky questions the content the test writers are looking for and every little detail you need to know when preparing for this exam i highly recommend this author s books if you are serious about passing any of the leed exams hopefully on the first try s jennifer sakiewicz leed bd c exam study guide gang chan s study guide is an excellent resource in preparing to take the leed ap bd c exam particularly if one follows the study recommendation made in the guide it does not replace the leed reference manual as the definitive source for technical information but more importantly provides a structure for the study of the information that is easily understood and when followed should provide good assurance of success in passing the exam the 1st time this is a keeper spock good summary of information to memorize for the test chen s exam guide is a good summary of the test relevant information in the leed reference guide he underlines specific information that is important to commit to memory for the test it is a good way to understand which information needs to be strictly memorized if you are preparing for the test in a short amount of time and have a good understanding of the leed process through your professional experience i passed the test with a very high score on my first try and i did use this guide one other the leed reference manual online sources a class and many years of personally working on and completing online leed submittals through my work the week before taking the test i used it to commit point values and those kind of details to memory denver not a bulky ref guide leed bd c exam guide does a great job in highlighting and summarizing the key points and concepts in usgbc ref guide if you only have limited amount of time for leed ap bd c exam preparation definitely go for this book metcalf very valuable guide i am a lighting designer and am preparing to take the leed bd c exam i got leed bd c exam guide to prepare for the leed ap bd c exam and it was fairly well organized to help me refresh my memory on the background leed knowledge i had all the specifics that one needs to know about each credit such as the purpose of the credit credit path submittals strategies and technologies etc are clearly organized for every credit in addition the author also employs the smart technique of mnemonics which helps in memorizing the vast amount of information in a simplified manner visswapriya prabakar immensely valuable and utterly to the point a true must have this is an excellent publication by gang chen that outlines precisely all the key points one need for success i personally appreciate the easy to adopt memorization technique offered by the author practice exams are very comprehensive yet summarized and not to mention highly effective learning tool as it is designed in this book it is a very delightful experience for me to have this outstanding publication in a word this definitely worth the money and for me it turns out extraordinarily helpful shanaz who passed leed ap bd c exam on the first try very helpful i found leed bd c exam guide to be very detailed and very helpful i plan to take the exam soon and i feel fully prepared for it yousuf asadzoi good book i had appeared for ga and passed i loved the content and the underlined highlights i read your book it gave me insight and knowledge on how credits are applied some questions in your book helped me answer ones on the test good book i ll go through it once again when i appear for ap haresh vibhakar aiaa india aia leed green associate architect a good outline the book is an excellent outline to learn the necessary items required to study for the exam it is not a comprehensive study guide in and of itself practice exam is good indicator of test preparation paul levine solid leed study guide this is the kind of book i wish was available when i did my original leed ap exam it teaches you how to study which is so important when school is a distant memory the bulk of the book helps you review and memorize with mnemonics the concepts for each credit that you need to know for the exam the questions are good representations of questions on the exam i would recommend to anyone studying for their exam that they first read the chapters in this book on how to study second read the actual leed bd c guide to give you the background information on the credits and gain comprehension underline and review as the author indicates to get the most out of your study time finally read the rest of this exam guide to help you review and memorize for the exam missfitz missfitz very helpful guide gang chen s leed bd c exam guides very helpful in consolidating information from usgbc and gbci sources as well as providing the information that is necessary for the exam without excess irrelevant information i highly recommend this book for preparation for the leed bd c exams leedap

L'autore propone un metodo scientifico utile ai docenti per misurare con precisione le capacità di apprendimento di ogni studente e la quantità dei contenuti che ha imparato assegnando ai due aspetti di valutazione un valore oggettivo partendo dall'esperienza di applicazione del metodo ai bambini in età scolare. L'autore dimostra come esso possa essere applicato anche a studenti delle università. Il testo è diviso in due parti: nella prima è illustrato il lavoro preliminare di ricerca seguito da un'esposizione più specifica del metodo e dei suoi principi teorici; la seconda parte ha un contenuto pratico nella quale sono indicati i criteri di valutazione dei test suddivisi nelle principali materie all'epoca studiate nei college americani. L'opera è il risultato del lavoro di ricerca sperimentale condotto dall'autore grazie al quale ha conseguito il suo secondo titolo accademico presso l'università della Columbia nel 1922.
