this book contains stowage factors from the following categories a general cargoes b cooling cargoes c bulk cargoes d ore e sweet oils f roro g containersizes h imdg code segregation i german english dictionary with final categories

since its introduction in 1950 the volkswagen transporter has become legendary for

its versatility and adaptability to many commercial uses known originally as *Sonderausführungen* abbreviated to so these special models were usually converted by specialists companies and coachbuilders approved by vw using archive promotional materials and period and contemporary photographs this book traces the development and variety of these so and other special body conversions from 1950 2010 across the five generations from t1 to t5

forget hurrying forget putting your foot down and racing through sweeping bends forget the understeer whatever that is forget the blur of a life lived too fast this is a look at taking life slowly it s about taking the time to enjoy journeys and places for their own sake it s about stopping and putting the kettle on stopping to take a picture stopping to enjoy stopping how are you going to do it in a camper van or a motorhome of course in this book we define the best driving routes around scotland for camper vans and motorhomes we show you the coolest places to stay what to see what to do and explain why it s special we meander around the highlands lowlands and islands of scotland on the most breathtaking roads chugging up mountain passes and pootling along the coast we show you stuff that s fun often free we include the best drives for different kinds of drivers for surfers wildlife watchers climbers and walkers we include the steepest the bendiest those with the most interesting bridges or views or obstacles ferries and tidal causeways and you don t even have to own a camper van or motorhome we ll tell you the many places you can rent one to take you on the journey all of this is interspersed with beautiful photos handy maps and quirky travel writing from the king of camper vans and motorhomes martin dorey so if all you want to do is flick through it on a cold day and plan your next outing you ll be transported albeit slowly to pastures beaches mountains and highways that make you want to turn the key and go go go we ll take you to see scotland the slow way the way it should be seen

mountain search and rescue is one of the most demanding rescue activities of them all it take place under very severe and often dramatic conditions like high altitude snow and ice crevasses glaciers and avalanches it is the stuff of real heroic acts and romance the occassional demand for assistance but on a larrge scale is then often carried out by volunteers mainly locals due to the demand for local area and climate

knowledge this book is mainly focussed on the alps but also visits other european mountaineous areas the special conditions has led to the development of specialized equipment and the most visible is the widespread use of helicopters which have a high degree of maneuverability in inaccessible terrain and ability to carry a payload the helicopter services work together with traditional ground based teams and sometimes move these teams to the search area helicopters swiftly move injured persons to a medical facility professional mountain rescue services are quite common near tourist resorts like ski resorts where there is a regular demand the authors have made a similar book on american air rescue and the styles have both similarity and differences between the two continents we hope the reader will enjoy our selection of photos

a methodical yet lively record of vw s transporter over its first 40 years which presents the vehicle in the same lavish formats of artistry and photography selected by volkswagen over the decades model history and range development outlined including campers specifications including usa terminology and performance discussed with a particular emphasis on marketing and advertising strategies

the popularity of the vw transporter in particular the early split screen models continues to grow and it has become a cult icon this publication brings together for the first time the complete history of the split screen transporter from 1950 1967 topics covered include transporter history explanation of every vehicle code transporter production details month by month specification changes full listing of factory fitted optional equipment comprehensive guide to paint and trim colors details of transporter export and transporters built outside germany and information on special models bus enthusiasts world wide have shared their knowledge in the compilation of this unique publication which has taken five years to collate

this comprehensive guide is the first one to tell the whole story of the volkswagen bay window transporter produced from 1967 1979 this new paperback edition deals with the transporter s development its technical evolution the model codes the specification detail changes the factory fitted m codes and transporter export using this book bus enthusiasts can crack the codes of their own specific vehicle to find

out the factory fitted specifications like paint and trim colours engine and transmission types and even the date of manufacture model and destination code the first guide to tell the whole story of the vw bay window transporter the photographs took over three years to collect from volkswagen archives resulting in an invaluable source of crucial information for restoration superbly illustrated with 470 colour photographs vincent molenaar and alexander prinz are keen experts on bay window buses

the volkswagen transporter is one of the best loved and most recognisable motor vehicles of all time the preferred transport for surfers and hippies everywhere the volkswagen type 2 bus was born in 1950 and became the first of a new breed of vehicle the ancestor of today's people carrier available in various versions including panel van pick up and minibus transporters were often converted into campervans for a newly motorised class of holidaymaker this book looks at the development production and use of the class first and second generation transporter with archive illustrations including many colour photographs from old brochures this book is also a great evocation of the 1950s and 60s

it is sixty years since the idea of vw's transporter was conceived by dutchman ben pon after seeing motorized trolleys known as plattenwagen conveying components around the british managed wolfsburg factory in the mid 1940s pon's idea was initially dismissed but reconsidered by heinz nordhoff when appointed vw's chief executive in 1948 this thoroughly researched book explores the vw buses story from its origins to the present day the history of this familiar and much loved vehicle is chronicled in an evocative style this entirely new edition of the acclaimed book first published in 1997 includes the story of the world's most famous camper and includes full specifications production details and buying advice

instantly recognized across the world volkswagen's transporter proved a great success from the day of its launch to the world's automotive press in november 1949 its versatility as a workhorse people carrier and albeit unintentionally at first as a camper has guaranteed it a unique place in motoring history while the desire to own one or more examples of varying ages has resulted in escalating values for

surviving transporters and not just the earliest of models now the transporter is the subject of this book and part of the haynes great cars series where stunning studio photography combines with archive material and a narrative covering all the key elements in the history of this venerable box on wheels

the story of the vw transporter split screen models 1949 1967 tells the story of one of the most recognizable vehicles ever built

transporter with air cooled flat four engines does not cover alternative body or camper conversions produced by specialist manufacturers petrol 1 6 litre 1584cc 2 0 litre 1970cc air cooled does not cover water cooled engines

this book celebrates in words and pictures the 60th anniversary of the launch of volkswagen s ubiquitous transporter making full use of volkswagen s archive material and wonderfully staged brochure pictures the author creates an authentic period feel as he traces the development of the transporter through the decades produced in a large and extensive format this book is a authoritative reference

each 96 page hard cover book in the series is 10 1 2 x 7 5 8 and contains color and black and white photos drawings charts and catalog facsimiles each classic model is presented in its historic and developmental aspects

designed for town and country short and long distances goods and passengers volkswagen s transporter proved readily adaptable to a whole range of forms including ambulances pick up vans and campers richard copping explores the history of the model from its post war origins through to the end of an era when almost 2 5 million vehicles had been built worldwide
