during and immediately after the first world war there was a merging of christian and nationalist traditions of martyrdom expressed in the design of war cemeteries and war memorials and the state funeral of the unknown warrior in 1920 john wolffe explores the subsequent development of these traditions of sacred and secular martyrdom analysing the ways in which they operated sometimes in parallel sometimes merged together and sometimes in conflict with each other particular topics explored include the protestant commemoration of marian and missionary martyrs and the roman catholic campaign for the canonization of the saints and martyrs of england secular martyrdom is discussed in relation to

military conflicts especially the second world war and the falklands in ireland there was a particularly persistent merging of sacred and secular martyrdom in the wake of the easter rising of 1916 although by the time of the northern ireland troubles in the later twentieth century these traditions diverged in covering these themes the book also offers historical and comparative context for understanding present day acts of martyrdom in the form of suicide attacks

most books on terrorism deal with descriptions of terrorist organizations and activities some examine privacy and civil liberties issues and others treat terrorism as a series of policy choices hardly any books deal with the foundational questions of values and violence as they relate to terrorism the two unique features of this book are that it deals with violence at the normative foundations of values and human dignity and that it includes many of the best known authors in the world from a variety of disciplines making it a paradigmatic example of cutting edge study in interdisciplinary scholarship with a focus on bringing theories and policy issues closer together values and violence includes chapters by a dozen of the leading scholars in the world on patterns of political violence responses to terrorism and the basic value choices inherent in them

catastrophic historicism unsettles the historicist constitution of julia de burgos 1914 53 puerto rico s most iconic writer a critical task that necessitates redefining the concept of historicism through readings of aristotle walter benjamin jacques derrida werner hamacher and frank ankersmit mendoza de jesús shows that historicism grounds historical objectivity in the historian s capacity to compose totalizing narratives that domesticate the contingency of the past while critiques of historicism as a realism leave untouched the sovereignty of the historian the book insists that reading the text of history requires an attunement to danger a modality that interrupts historicism by infusing the past with a contingency that evades total appropriation after desedimenting the monumental tradition that has reduced de burgos to a totemic figure catastrophic historicism reads the poet s first collection poema en 20 surcos 1938 mendoza de jesús argues that the historicity of poema crystallizes in the lyrical speaker s self institution as an embodied ipseity which requires producing racialized gendered allegorical figures the bearers of an abject flesh that lack any ontological resistance to modern alienation rather than treating de burgos s poetics of selfhood as the ideal image of puerto rican sovereignty mendoza de jesús endangers this idealization by drawing attention to the abjection that sustains our attachments to ipseity as the form of a truly sovereign life in this way catastrophic historicism not only resets the terms of ongoing critiques of historicism in the humanities it also

intervenes in puerto rican historicity for the sake of its transformation
