using a three part structure focused on the major historical subjects of the inquisition the reformation and witchcraft christopher kissane examines the relationship between food and religion in early modern europe food religion and communities in early modern europe employs three key case studies in castile zurich and shetland to explore what food can reveal about the wider social and cultural history of early modern communities undergoing religious upheaval issues of identity gender cultural symbolism and community relations are analysed in a number of different contexts the book also surveys the place of food in history and argues the need for historians not only to think more about food but also with food in order to gain novel insights into historical issues this is an important study for food historians and anyone seeking to understand the significant issues and events in early modern europe from a fresh perspective

many states in the asia pacific region are not built around a single homogenous people but rather include many large varied different national groups this book explores how states in the region attempt to develop commonality and a nation and the difficulties that arise it discusses the consequences which ensue when competing narratives clash and examines the nature of resistance to dominant narratives which arise it considers the problems in a wide range of countries in the region including indonesia malaysia singapore hong kong korea australia and new zealand

this ninth volume in the series deals with a fascinating and complex topic in the environment and behavior field neighborhoods and communities are in various stages of formation and transition in almost every society nation and culture a variety of political economic and social factors have resulted in the formation of new communities and the transformation of older communities thus we see nomadic people settling into stable communities new towns sprouting up around the world continuing suburban sprawl simultaneous deterioration renewal and gentrification of urban areas demographic changes in communities and so on as in previous volumes the range of content theory and methods represented in the various chapters is intended to be broadly based with perspectives rooted in several disciplines anthropology history psychology sociology urban studies although many other disciplines also play an important role in the study and understanding of neighborhoods and community environments we hope that the contributions to this volume will at least present readers with a broad sampling if not a comprehensive treatment of the topic

football clubs across the world continue to embody many of the collective symbols identifications and processes of connectivity which have long been associated with the notion of community in recent years however the very term community has become the focus of renewed interest within popular discourse and amongst academics politicians and policy makers it has become something of a buzz word wheeled out as both a lament to more certain times and as an appeal to a better future a term imbued with all the richness associated with human interaction community has also been employed increasingly within football for instrumental reasons concerned with policy and stadium redevelopment and in broader rhetoric about clubs their localities and fans this book brings together a range of key debates around contemporary understandings of community in world football split into four sections it considers political and theoretical debates around football and its connection with community different national and ethnic football communities instrumental uses of football to bridge gaps within and between groups future directions in the football and community debate this book was published as a special issue of soccer society

women and community in medieval and early modern iberia draws on recent research to underscore the various ways iberian women influenced and contributed to their communities engaging with a broader academic discussion of women s agency and cultural impact in the iberian peninsula by focusing on women from across the socioeconomic and religious spectrum elite bourgeois and peasant christian women jewish muslim converso and morisco women and married widowed and single women this volume highlights the diversity of women s experiences examining women s social economic political and religious ties to their families and communities in both urban and rural environments comprised of twelve essays from both established and new scholars women and community in medieval and early modern iberia showcases groundbreaking work on premodern women revealing the complex intersections between gender and community while highlighting not only relationships of support and inclusion but also the tensions that worked to marginalize and exclude women

the community in rural america by kenneth p wilkinson is a foundational theoretical work that both defines the interactional approach to the study of the community in rural areas and frames its application to encourage and promote rural community development recognized for its detailed theoretical construction and logic for understanding human interactions this book has been widely adopted and used by researchers extension faculty and community development practitioners for over thirty years presenting wilkinson s groundbreaking work in its original form with a new foreword aimed at clarifying several key concepts in interactional theory this edition of the community in rural america will appeal to new students of the community as well as established scholars in the field

introduces different types of communities and their characteristics
