the last thing zach expected was to find the girl of his dreams at gamer s haven when a brutal storm hits saskatchewan he learns that strategy is the key to winning over the girl and saving the day

it s a hot new game they said try it out they said what could go wrong they said that was well over 5 years ago when 2 million of us logged in on launch day now less than 250 000 of us remain for the first time in my life i m genuinely concerned that we won t make it out of this digital hell alive

can a hardcore gamer survive a real world crisis seventeen year old alex brooks is obsessed with becoming an e athlete what teen wouldn t want to make a million dollars playing video games professionally especially if you ve got a real shot at it like alex his mom a television producer in hollywood casts her son in a reality show about young gaming hopefuls seeking fame and fortune this gives him great exposure in the industry on top of that his dad owns an up and coming tech business that is about to launch a revolutionary product life couldn t be better or could it truth be told alex doesn t need to go pro as bad as he needs to grow up and what teen really wants to do that he s popular with other gamers but his over inflated ego makes him obnoxious to almost everyone else he hides a deep secret the cavernous void in his life that nothing seems to fill he thrives on a false sense of accomplishment but is haunted by an inescapable sense of loneliness he has lived in the shadow of his dad s relentless pursuit of building a tech empire while watching him fail to keep his family from falling apart what will it take for alex to gain a new perspective on what it means to become a man and what it takes to be a hero everything changes when alex goes missing he must face a life or death struggle in a foreign culture that doesn t have a power grid man or computer mouse his digital world didn t prepare him for the challenges that are about to confront him alex is not ready to rescue anyone he needs to be rescued for those who really know alexander why would anyone want to save him this coming of age story follows alex as he is forced to grow up the hard way through extraordinary circumstances which cause him to re evaluate what s important in life his need for god and the positive influence of older mentors adventure danger romance survival despair and providence are the ingredients that help remake his life

this book offers the first comprehensive study of the many interfaces shaping the relationship between comics and videogames it combines in depth conceptual reflection with a rich selection of paradigmatic case studies from contemporary media culture the editors have gathered a distinguished group of international scholars working at the interstices of comics studies and game studies to explore two interrelated areas of inquiry the first part of the book focuses on hybrid medialities and experimental aesthetics between comics and videogames the second part zooms in on how comics and videogames function as transmedia expansions within an increasingly convergent and participatory media culture the individual chapters address synergies and intersections between comics and videogames via a diverse set of case studies ranging from independent and experimental projects via popular franchises from

the corporate worlds of dc and marvel to the more playful forms of media mix prominent in japan offering an innovative intervention into a number of salient issues in current media culture comics and videogames will be of interest to scholars and students of comics studies game studies popular culture studies transmedia studies and visual culture studies

the rpgournal is the first of its kind a journal designed to improve your tabletop experience using a combination of cognitive science and mindfulness techniques every game has a rules you can take advantage of but only the rpgournal helps you take advantage of your mind

game sound technology and player interaction concepts and developments researches both how game sound affects a player psychologically emotionally and physiologically and how this relationship itself impacts the design of computer game sound and the development of technology this compilation also applies beyond the realm of video games to other types of immersive sound such as soundscape design gambling machines emotive and fantastical sound to name a few the application for this research is wide ranging interdisciplinary and of primary importance for academics and practitioners searching for the right sounds
